# FIVE WHYS

*We need to earn the Baby Friendly Designation!*

<b>1. WHY?</b>	As a Baby Friendly hospital we have to demonstrate that we uphold evidenced-based maternal-child care practices and policies.
<b>2. WHY?</b>	We want the best outcomes for mothers and babies.
<b>3. WHY?</b>	The families desire and expect to receive optimal care for their health and well-being.
<b>4. WHY?</b>	The families' goals are consistent with our strategic goals of providing Perfect Care, creating Healthiest Communities, and everyone to experience every encounter as Sacred Encounters.
 <b>5. WHY?</b>	<b>It's why we exists:</b> our hospital's purpose/mission is ... <i>"To extend the healing ministry of Jesus in the tradition of the Sisters of St. Joseph of Orange by continually improving the health and quality of life of people in the communities we serve."</i>
