Need help with breastfeeding?

✓ Talk with your doctor about your breastfeeding goals before baby is born.
✓ Classes can help you with breastfeeding and preventing problems.
✓ Include partners, fathers and other close family members in doctor visits and breastfeeding classes.
✓ Talk with your friends and family about how they can support breastfeeding.
✓ Most health plans cover breastfeeding support. Contact your plan to know your covered benefits.
✓ Attend a hospital tour before labor to understand how the hospital supports breastfeeding at birth.
✓ Create a list of resources to call. Ask your provider or WIC to help.
