UNDERSTANDING PAID FAMILY LEAVE: A FREE TRAINING WEBINAR FOR CPSP COORDINATORS & ANYONE ELSE SERVING PREGNANT FAMILIES

MAY 14, 2020
Presented from 12 pm - 1:30 pm

To RSVP, visit

All registrants will receive a recording of the webinar as well as be able to participate live and ask questions. Additionally, participants will receive our bilingual Paid Family Leave training toolkit in Spanish & English!

Funding for this event was made possible in part by:
Los Angeles County Department of Public Health
Are your patients asking you lots of questions about pregnancy accommodations at work because of COVID-19? Do your patients have questions about how to get time off to recover from birth and care for their babies? Learn how to answer these questions and where to refer your patients when they need more support.

With the declaration of COVID-19 as a pandemic, the need for paid leave is more apparent than ever. Yet, there is confusion about who is eligible, how to access these benefits, taking time without risking long-term job loss, and what additional protections and benefits are available now.

Join BreastfeedLA, the California Work & Family Coalition, and Legal Aid at Work to learn about pregnancy disability leave and paid family leave for your patients. Gain a strong foundation in California Paid Family Leave and adjacent laws including job protection, pregnancy disability, lactation accommodations, and more.

For questions, please contact Jose Gonzalez at info@breastfeedla.org.
