or in-person viewing party

Adventist Health Chapel

Hanford, CA

Topic: Optimizing Lactation Care for the
Late Pre-Term/Early-Term Infant

Christine Starika, BS, IBCLC, CE

Objectives:

1. Name 3 characteristics of late preterm newborns which affect their capacity to chest/breastfeed effectively
2. Identify 3 breastfeeding techniques which can positively impact chest/breastfeeding and milk production in the late preterm dyad
3. Explain 3 ways to support the lactating parent of a late preterm infant to optimize the infant's early nutrition and outcomes
