Inland Empire Breastfeeding Coalition presents:

in collaboration with

BreastfeedLA

FREE Virtual General Education Session

Strength in Support: Strategies for Promoting Human Milk Feeding in Cleft-Affected Infants

Objectives:

1. Identify nutritional + nonnutritive benefits of human milk feeding specific to CL/P infants.
2. Demonstrate techniques to facilitate at breast/chest feeding & assess ability/transfer of at breast/chest feeding per CL/P infant.
3. Provide relevant support to families of CL/P infants.

March 26th 2024

Ashley Sayers
IBCLC, CLEC, CLC, IBC Ojibwe, Turtle Clan
Continuing Education Coordinator
BreastfeedLA

In this presentation, Ashley Renee Sayers, IBCLC, Ojibwe, delves into the crucial topic of supporting human milk feeding for infants with cleft lips and/or palates. Drawing from her extensive experience as a lactation consultant, Ashley offers insights into empowering families and navigating the unique challenges faced in these cases. Attendees will gain valuable knowledge and practical strategies to enhance the care and well-being of cleft-affected infants through compassionate and culturally sensitive approaches to human milk feeding
